

St Helens Archery – Booking-On Process.

As an ArcheryGB requirement for the Return to Archery all bosses must be 5m apart centre to centre. In addition, the reseeding and repair work on the fields has reduced slightly the number of bosses we can set out on a Saturday morning. Given these restrictions the total number of bosses may be insufficient to meet all our needs. We can hopefully meet most of the demand but it's not guaranteed.

To prevent archers being turned away on a Saturday morning, in keeping with ArcheryGB's suggestion we are introducing a booking system for a Saturday morning.

The options for booking a place will be via the WhatsApp "St Helens Archery Booking" Group , email to Keustace99@aol.com or text message to telephone 07904852183.

When booking a place, you will need to provide the following details:

Your name and the distance you wish to shoot.

Allocation of Bosses.

The core field team will be guaranteed a boss. The wider field team will be prioritised for a boss.

Booking time will be all day Wednesday each week. Once I'm aware of the numbers wishing to shoot, I will allocate available places via a randomised selection basis. You will then be informed on Thursday if a place has been allocated.

If you are not selected one week you will be prioritised for the following week.

I'm hopeful that we can meet most peoples needs but there are to many variables to know whether this will be the case until we are up and running
